The TurningPoint AnyWhere Polling feature in TurningPoint allows instructors to create and present questions and to receive clicker responses. This TurningPoint feature does NOT require the use of PowerPoint. TurningPoint must be installed on your PC.

Creating a Question List

1.

Open TurningPoint and login to the TurningPoint software.

2. The TurningPoint Dashboard will appear.

3. In the TurningPoint Dashboard, click the **Content** tab.

2. The TurningPoint Anywhere interface will launch. Click the green play button to begin polling.

3. Save your Session data by clicking on the gear icon in the polling window and choosing Session>Save Session>Save.

Exporting Results to Blackboard

- 1. Once polling is completed, exit Anywhere Polling and return to the Dashboard.
- 2. Select the **Manage** tab. Select the participant list that needs to be exported to Blackboard then click **Results Manager.**

3. Select **Integrations**, choose **Blackboard SSO** as the LMS. Enter the server address and click **Connect**.
