Adding VoiceThread to your Course
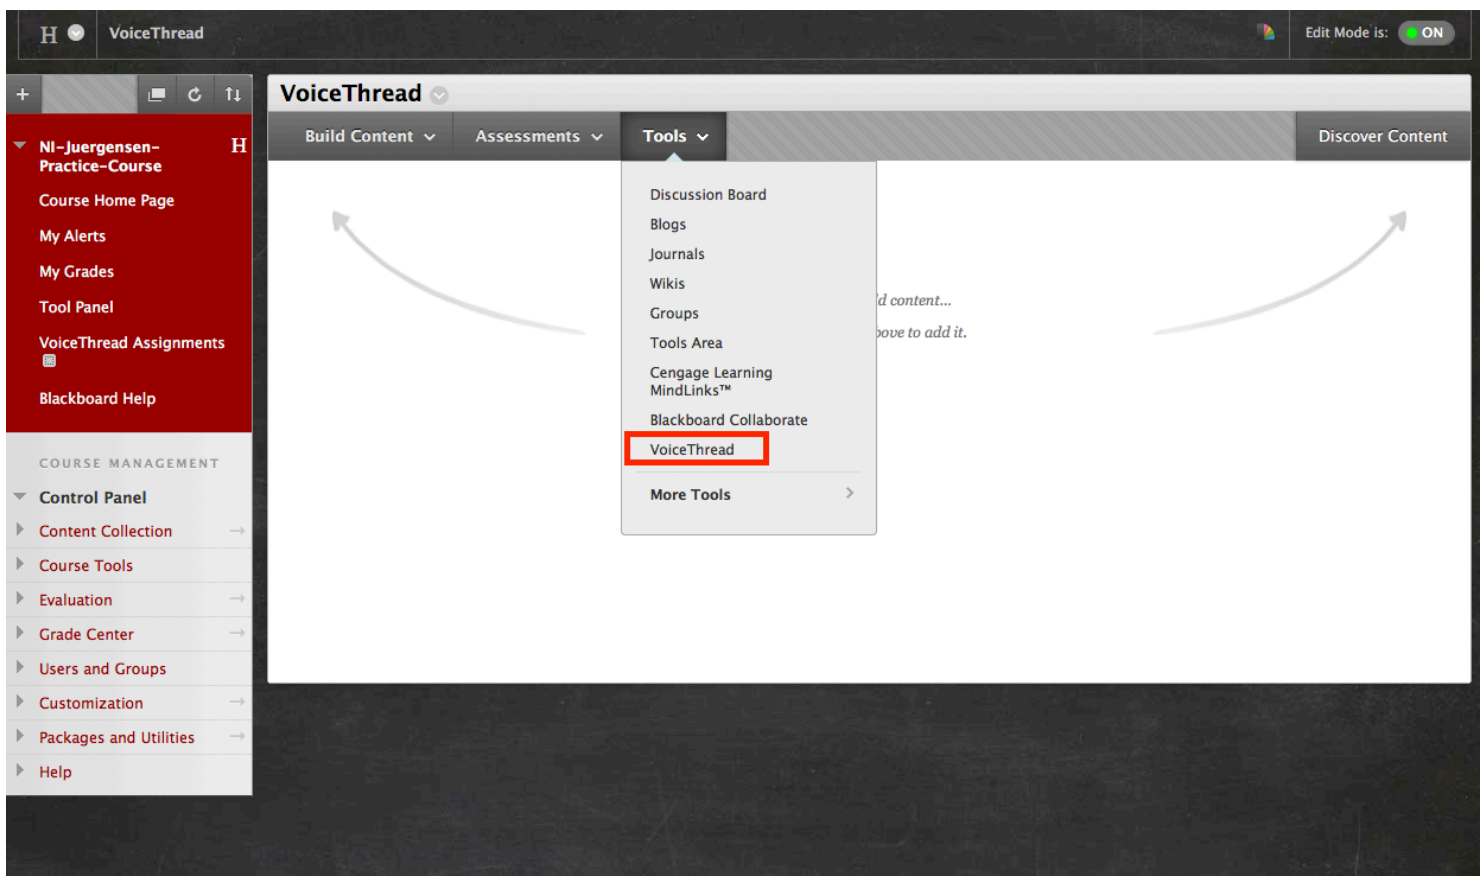

The University of Alabama has a campus license to VoiceThread, which allows faculty and students to share VoiceThreads with a class without requiring a separate account. Following the link from Blackboard will take you directly into VoiceThread.

We suggest adding VoiceThread to your course as a main menu item so students can access the link from anywhere in the course. Follow these steps to create a link to your course's VoiceThreads:

1. Navigate to the "Content" area for your course.
2. Click on the "Tools" menu.
3. Select "VoiceThread" from the menu.

4. Give the link a title and description.

NOTE: The description cannot contain any line breaks, bulleted points, or multiple paragraphs.
